ABOUT US

Krugersdorp Steel Windows (Pty) Ltd has been established as a leader in manufacturing of quality steel windows and doors since 1964, when the business was started by Dr. Jan Hendrik Joubert and partners.

The business steadily grew based on solid principles like excellent customer service and quality products.

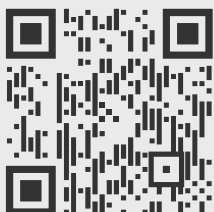

His son-in-law, Jan Grobler, together with partner Pieter Booyens, continued and built on the tradition from the late 1960's, and established Krugersdorp Steel Windows as a leader in the window and door industry on the West Rand and beyond.
